

5 Blade Louvre's HELPSHEET

Please read ALL before you begin.

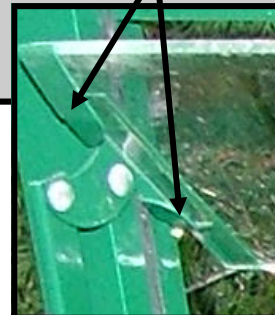

Louvre Model Contains

- Top Cill
- Bottom Cill
- 2 x Side Bars
- Self Tapping screws
- ½ Headed Bolts & Nuts
- 5 x Glass Blades

Procedure:

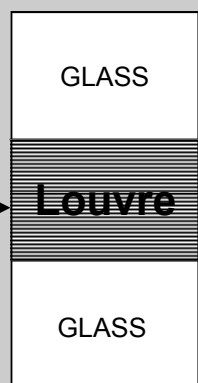

1. Trim rubber to side lengths and place top or bottom cill into position on side bars. Secure with self tapping screws.
2. Repeat this process on each corner.
3. Use your four ½ headed bolts to attach the louvre to your side glazing bars. You will **NOT** need **glazing separators** above and below the louvre. The glass simply butts right up to the metal.
4. Insert each of the five glass blades.

- ERECTORS TIP: Push glass holding clips inwards to help secure the blades.

Important

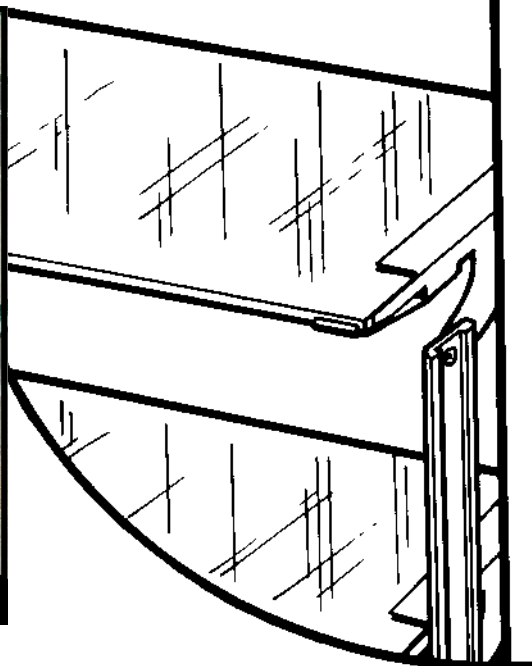

Contains 5 x
573 x 100mm

Note that louvre must be positioned between the two panes not at top or bottom.

OUTSIDE CLOSED VIEW
